

AYA EL HAJJ CHEHADE

DATA ANALYTICS | MIS

Chhim, Lebanon | 81 993531 | Ayaelhajjchehade0@gmail.com | github.com/ayaelhajjchehade

PROFILE SUMMARY

Final-year Management Information Systems student with hands-on data analytics experience across SQL, Python, and Excel. Built an end-to-end SQL + Python + Excel capstone (data cleaning, EDA, RFM customer segmentation) and a business-facing Excel attrition dashboard, alongside foundational web development coursework. Ranked 7th nationwide in the Lebanese Baccalaureate. Seeking a Data Analyst / BI Analyst internship or entry-level role.

EDUCATION

Senior MIS Student

Lebanese University

Bachelor's in Management Information Systems (MIS)

Third (final) Year | GPA: 84/100 | Expected Graduation: 2027

University Student – Present

High School

2022–2025

Baccalaureate — Economics & Sociology (ES) Branch

Aanout High School, Lebanon

Ranked 7th nationwide | Graduated: 2024

DATA ANALYTICS PROJECTS

Online Retail Analysis (SQL + Python + Excel Capstone) — Built a normalized MySQL schema, cleaned and merged data with Python/pandas, ran a full exploratory analysis (sales, returns, customer/product/country trends), and delivered an RFM customer segmentation exported to an Excel dashboard with pivot tables.

HR Attrition Dashboard (Excel) — Designed a KPI-driven Excel dashboard with pivot tables, charts, and slicers to surface where employee attrition risk is concentrated.

Hotel Bookings & Chinook Analysis (SQL) — SQL-based data cleaning, multi-table joins, and exploratory querying across two relational datasets.

Sales & Netflix Content Analysis (Python) — pandas-based cleaning, exploratory analysis, and visualization on sales and media-content datasets.

SKILLS

Data & Analytics

SQL (MySQL — joins, aggregation, schema design), Python (pandas), Excel (pivot tables, dashboards, XLOOKUP, slicers), data cleaning, exploratory data analysis, RFM segmentation

Programming Languages

Python, SQL, JavaScript, C

Web Development

HTML, CSS, React (basics)

ACHIEVEMENTS

- Ranked 7th nationwide in the Lebanese Baccalaureate exam (Economics & Sociology), 2024
